

Combining global technologies, these innovative axles, manufactured in the U.S., provide market-leading performance and value. Here are some of the offered benefits:

- Lighter axle weight – up to 28 lbs. less than the competition
- Easy maintenance to reduce the life cycle cost
- Steering and tie rod arms designed to allow maximum 55-degree wheel-cut for added maneuverability
- Special king pins and needle bearings replace bushings for greater reliability
- Accepts all brakes offered in the Sterling Data Book
- Warranty – 2 years, unlimited miles (including king pins and bearings)
- Available for all Sterling trucks
